CITY COMMISSIONERS
HAVE MUCH BUSINESS

Council Recommended to Purchase
Subsidiary Property on College
Avenue for Boulevard Purposes—
Commissioners Will Not Approve
Lanes Less Than 20 Feet Wide.

H. H. Chadwick, secretary of the Parks Commission, has written to the city commissioners, forwarding the following resolution, which was passed unanimously at a meeting of the Parks Commission:

"That the Parks Commission of Edmonton respectfully recommend to the city commissioners that they should bring a recommendation to the city council that the city council should submit a by-law for the purchase of the subsidiary property on College Avenue, referred to in Commissioner Harrison's letter of March 17th, and headed 'Park site, College Avenue'.

With of lanes.
Objection was offered to plan for a proposed sub-division at a meeting of the city commissioners yesterday on the ground that the lanes mapped out on the property were not of sufficient width. Mayor Armstrong said they must insist on having the lanes at least 20 feet wide. The lanes would be usually covered when telegraph poles were placed in them if they were any narrower. Commissioner Candy said that the Government would not approve any sub-division which were not approved by the city.

Proposed Spur Track.
The application of the Edmonton Breeding and Mating Company for permission to have an extension from the C.N.R. right of way to the boundary of their property was considered at the same meeting. The line will have to cross one of the streets and the company wished permission to be given for the line to cross 21st street. The consideration of the matter was adjourned.

A. J. Lalor, city engineer, and N. A. McIvor, building inspector, submitted a report to the commissioners on the ground that the lanes mapped out on the property were not of sufficient width. The company wished permission to be given for the line to cross 21st street. The consideration of the matter was adjourned.

High Level Bridge.
The commissioners instructed the secretary-treasurer to apply to the Government for a grant of \$175,000 towards the cost of the high-level bridge.

The city solicitor will be instructed to prepare a by-law for the closure of Elizabeth street from Queen to St. James, in accordance with the decision of the council to establish the street. The new portion will be paved and made a good road before being opened.

W. R. Griffith, superintendent of

the telephone department, will be asked to make a valuation of the phones on the south side, in order that the city may be in a position to negotiate with the Government for the transfer of the phones from the Government to the city. He will be assisted by Commissioner Chadwick.

PUMPING STATION POLLS HAS

The city pump station polls are replacing again. This building has already been dropped up once, but during its reconstruction a Bostonian regime a new roof was put on and this roof supported by steel beams placed on projections from the foundations of the old walls. The old walls are being replaced by a new structure against the river's but not as a support for the roof. The new foundations are sinking, and the walls have a slight outward curve. Puts them about five inches out of plumb twenty feet above the floor. Properly being placed on the south side of the building and will be placed on the west side as well. The tank to which was built to accommodate the new high lift pump will support the north wall.

The only adequate theory offered for the collapse of the walls is that the foundations are sinking. The angle pump pit which is about forty feet deep. The timbers which were put in to support the concrete work when the pit was being built were removed because of the difficulty attached to such an operation and the foundations for the wall and roof which are separately supported as stated above are within eight feet of the edge of the pit. It is thought that the weight of the roof is causing the foundations to sink, as the ground at the pit side sinks down into the crevices between these old timbers.

The new Watson Stillman high lift pump furnished by the Moran Co. is in operation all day yesterday and would have run today as well as for the fact that there is a burst in the water main near the power house. Everything is reported by the agitator in charge of erection to be operating very nicely now, so far as the engine and pump are concerned.

The work of installing the new turbine is being rapidly pushed toward completion. The bottoms of the new tanks are now laid and the installation will be ready for operation within a month. The inlet from the large reservoir above the tank is now put in as soon as the repairs on the 1600 h. p. generator in the power plant are complete. This will be in the course of this week in all probability. This reservoir is now being used as a cooling tank for the water used by the turbine.

The 500 h. p. Westinghouse turbine, which machine will not be in operation while the work on the plant is being executed.

It is stated by the Westinghouse representative that the new turbine is running beautifully now and that a recurrence of the trouble which occurred shortly after installation when some of the piping was strapped is highly improbable. The generator end of this machine has given proper satisfaction and it was not that followed operation. The cause of the accident

ENTERTAINMENTS

BIG SHOW TONIGHT

The Price of Tomorrow company with 60 in the cast arrived in the city this evening and begin a three nights engagement with Saturday matinee at the Empire theatre. Walter Henry Woodruff who is starting in the comedy is known to the world at large as one of the state favorites at home at Provincetown, Mass. He enjoys the distinction of an entirely different character. On calling at the Woodruff bungalow, he was informed that Mr. Woodruff was on the golf links.

"You are Scotch, I presume," said Mr. Singer to his informant, whose dialect made the fact apparent.

"You're a perceptive man," acquiesced the Scot.

"Is Mr. Woodruff a worthy golfer?" asked Mr. Singer.

"He is that," responded the Scot. "You know also that he is also one of the best actors on the stage."

"A-weel, I dinna ken his name his name," said the Scot, "but, in my opinion, as he is called, I say he'd be a bonnie golfer if he hadna trilled his youth away on the stage."

"ARIZONA" NEXT WEEK

"Arizona" is said to be the best play Augustus Thomas ever wrote. It will be seen in the Empire Theatre on Monday, Tuesday and Wednesday Mar. 26, 27 and 28.

As Lieutenant Denton, the young hero of the piece, Mr. Forbes will have a splendid opportunity, and as the hero of the west and of army life combined accounts in part for the popularity of "Arizona".

Critics have said that the appearance of "Arizona" is in the absolute hands of the stars. They act and talk like people in real life. The author has provided the touch of melodrama that is irresistible, making the audience hold its breath in anticipation. It is unconventional and unorthodox, and the general opinion is that it is a corking good play.

Sea Fishery Seasons Opens Cloudy.

St. Johns, Newfoundland, Mar. 19.—The outlook for the coming seal

Wednesday is decidedly unfavorable for several of the steamers thus far. Several of the steamers have met with mishaps according to wireless dispatches and the whole fleet is expected to have missed the main seal herd.

Nine Killed in Gas Explosion.

Scranton, Pa., March 20.—In a gas explosion which is thought to be the worst in the history of the city, nine persons were killed and two injured, today in the Pennsylvania Electric Co. plant, near here. The families, comprising one man, one woman and one child, were blown to pieces in the explosion, which was followed by a fire that destroyed three houses.

C. H. BELANGER GIVEN
\$2000 PURSE OF GOLD

President of Licensed Victuallers of Province is given Trophy by the Association in Recognition of Excellent Work He Has Done.

C. H. Belanger, of this city, was presented this week with two thousand dollars worth of gold by the Licensed Victuallers' Association of Alberta as a token of appreciation for his excellent services as president of that association during the past year. Mr. Belanger has been untiring in his efforts in looking after the business and improvement of the hotel, liquor and restaurant industry. The money was subscribed by the province of the association. Mr. Belanger was recently re-elected president of the Licensed Victuallers' Association for the second year. Since assuming office he has done much to improve the hotel, especially in the outlying sections of the province, to a higher standard of efficiency.

LIGHTHOUSE KEEPER LOST.

Keeper of Famous Bird Rock Light, Lost in Ice Flots.

OWASCO, Ont., March 19.—The Marconi operator at Grimsby Island and in the Marconi Island group in the Gulf of St. Lawrence, reported to the minister of marine yesterday the tragic death on Friday of Wilfrid Jorjue, lighthouse keeper of the famous B. Bird Rock light.

The news was signalled from the lighthouse to the nearest inhabited island, ten miles away, by Jorjue's wife and assistant, who are alone in charge of the light. Jorjue was out on the ice floes hunting seals, a favorite and dangerous employment of the Marconi Islanders. He was swept out into the Gulf and drowned. His body was recovered by his wife and assistant and they have appealed to the government to send a boat to get his body.

The government will try to send an ice-breaking ship to Bird Rock. Two other keepers of this lighthouse have lost their lives in the same way. Bird Rock is the most dangerous point in Canadian waters. The lighthouse itself can only be reached by means of a basket suspended from a crane and lowered to small boats, which can seldom approach the rock in safety.

Unrest Among Spanish Miners.

Madrid, March 19.—The success of the striking Irish coal miners in Canada waters. The lighthouse itself can only be reached by means of a basket suspended from a crane and lowered to small boats, which can seldom approach the rock in safety.

The miners are demanding a 15 per cent increase in wages and a reduction of working hours. If their demands are not granted they threaten to strike. The government will supply Andalusian ports with enough coal to enable the Moroccan mail service to continue. Owing to the shortage of fuel caused by the British strike 50,000 cases of oranges are held up at Valencia.

JURY ON HULL WRECK
EXONERATES OPERATOR

State That C. P. R. Company Was Not Responsible for Having to Check on Their Operator—System of Signals is Not a Good One.

Ottawa, Mar. 19.—The jury conducting the inquest on the victims of the fatal wreck of the C. P. R. at Hull on March 18th, returned a verdict last night practically exonerating Harvey Boat, the C. P. R. telegraph operator for whose error a warrant has been issued and placing the blame for the collision on the C. P. R. company. The verdict said: "That the collision was caused through C. P. R. Operator Harvey Boat giving a terminal clearance order to train 440 at 9:30 a.m. on March 18th, while he had an order to hold all trains opposing train No. 444 until 9:30. We find that while Harvey Boat made a mistake in giving said order to train 440 that the C. P. R. is primarily responsible for the accident and consequent loss of life in that they had no check on the signal system or person at Hull to see that an order of such importance was delivered to the proper person or person for whom it was intended."

It also because we believe that the line clear order is not a good system and that had a safer system been in operation such an accident could not have happened. Further we find that the signal system at Hull has been running with the engine forward that the mortality ensuing from the accident would not have been so great."

MRS. TAIT HEARS THEIR STORY.
Lawrence Strikers Tell Tales of Alleged Oppression.

Washington, Mar. 19.—Mrs. William Howard Taft, wife of the president, was an interested listener to the tales of the Lawrence, Mass., textile strikers told to the house rules committee, when it resumed its consideration of the industrial struggle in the mill

AROUND THE CITY

LOCAL

Scoutmen are reminded that Miss Angelina Murray Gibson, Scottish entertainer, will appear at the Cadogan Society's entertainment in the separate school hall tonight.

The regular monthly meeting of Court Edmonton 1841 Canadian Order of Foresters was held on Monday evening at the Methodist church. There was a good attendance of members along with several visiting brothers. After the regular business was through a social hour was enjoyed by all.

Max McGregor, travelling secretary for the W. P. M. S., will address the missionary assembly of Westminster Presbyterian church this afternoon. The meeting will open promptly at three o'clock and all the women of the congregation are urged to take this opportunity to hear Miss McGregor.

A new restaurant, known as the "American Cafe," has been opened at 124 Jasper avenue east. In the store formerly occupied by Gilbert Here, the proprietors are C. H. Wells and R. P. Hallgren. The building had been completely overhauled and is now one of the nicest eating houses in the city.

LOCAL LINK AT COAST

A link from the Capital Building is being laid in the Vancouver hotel, which is being placed on artificial ice there.

W. P. Chatell, Mr. Simpson, G. W. Manie and Hugh Campbell (exp.).

EAST END BIDGE

Work on the east end bridge is progressing very favorably. Two spans are now complete and work has been started on the third span. The fifth span, that is the span on the east side of the river will be completed next week. It is thought that it will not be possible to complete the main or fourth span before the ice melts. All the steel is now in the city and it is expected that the work will be completed in schedule time.

HAD A NARROW ESCAPE

A. R. Scott, of the Canadian Agency, had a narrow escape from being killed or seriously injured yesterday afternoon at the corner of Jasper and Third streets. He was crossing from the Hudson's Bay Co.'s store to the Credit Farmers' bank, just as he stepped from behind a passing street car an automobile, bearing the number 77, came down from the west at a very fast rate. It was almost on top of Mr. Scott when the driver, a superhuman effort he hurried himself from front of the motor car. The chauffeur also endeavoring to stop his machine, threw it up on the sidewalk and almost turned it over. It came to a halt in its own length. At the same time he barely avoided crashing into a huge standing in front of the building.

The fire was witnessed by a large number of people and the fact that it was averted by a miracle that a fatal accident did not occur.

FIRE IN C. N. R. YARDS

An oil shed near the C. N. R. round house was destroyed by fire about ten o'clock last night. A small quantity of oil stored in the building added considerable fuel to the flames. The city fire department had great difficulty in getting at the fire, and when finally a stream of water was directed on the burning structure the building was practically destroyed. The fire was well advanced before the alarm was turned in. The nearest hydrant was situated on Mackenzie avenue while the oil shed was situated across the tracks at their intersection with Tenth street.

Added to this, the fact that the yards were blocked with freight cars and shunting engines, it can be seen that the fire fighters were at a disadvantage in getting at the flames. The fire is believed to have been caused by an overheating stove. No. 2 company also had a call about the same time. The burning of Grand Trunk flat car number 107, No. 2 fire. The blaze was caused by hot ashes. A small fire was caused by hot ashes. A small fire was caused by hot ashes.

VICTIM OF ATTACK LIVED IN EDMONTON

Provincial Constable Anton, who was Murderously Attacked by Desperados when He Had Captured a Board member of the Board of Prisoners, Lived Here.

THE ASSAULTS ARE CAPTURED.

Vancouver, March 20.—A dispatch from Kelowna states that the Provincial Constable who shot the desperado, was captured tonight at Wilson's Landing, near Peachland, after a long chase, and is now in jail at Kelowna. The desperado does not give his name or other particulars. Anton's condition is serious.

Provincial Constable Anton, who was shot by two desperados on Tuesday night near Vernon, B. C., was formerly Sergeant Anton of the N. W. M. P., stationed at Edmonton. He resided here about eight years ago, and will be remembered by many citizens.

The shooting of Constable Anton was a most shocking case of cold-blooded brutality. He is at present in the Kelowna hospital, where his life is in jeopardy. The two desperados, who shot at him, were south of Kelowna, and after being captured by Provincial Constable Anton, shot the latter about the steamer Okanagan, while being returned to face their crime.

Following the robbery, the men escaped in a light car. Constable Anton had traced the men and arrested them in the Kelowna. They were taken aboard the steamer Okanagan and a dispatch was sent to Kelowna, where they were captured. The men were shot about him in the head. Later the same day the men were taken to the Kelowna hospital, where they are now being treated.

The crime has aroused the indignation of the Kelowna and the country in the vicinity of Peachland is being guarded by constables. Constable Anton was formerly sergeant of the Kelowna, in charge of the Kelowna detachment of the Mounted Police, under Inspector Snyder, who was later in the Yukon. Constable Anton was in British Columbia and joined the Provincial Police when he was in the British army as a non-commissioned officer, and served in the war as a member of a company of Lancashire.

For while damage Geo. R. Savage was sentenced to one month in jail. Savage was in the police court yesterday afternoon. He was charged with having a dog in a house on Lorne street in the early hours of Wednesday morning. The complaint was made by the Kelowna. The case was adjourned until the next day.

Greater part of the afternoon was taken up with the case against Walter Austin, charged with keeping a bawdy house in the Kelowna. The case was heard in camera and was adjourned until the next day.

ESCAPED CONVICT HAS BEEN CAPTURED

After Keeping Away From Police for Four Days He Was Taken into Custody at Leduc Wednesday Afternoon.

The liberty of Charles Courtois, the escaped convict from Edmonton, was short lived. After four days' liberty he was taken into custody at Leduc, B. C., yesterday afternoon about 3:30 near Leduc. It was a strange track of fortune which led to his capture. He walked straight into the arms of Constable Willis, the town constable of the town of Leduc. He believed that the prisoner made the distance of sixteen miles from Edmonton to Leduc on foot. Foot-sole and thirty he called at the first house he came to in the town and asked for a drink of water. The house which he picked on happened to be that of the town constable and that official himself answered the knock at the door. The instant he opened the door, Constable Willis recognized the man as having been in the description which had been sent broadcast over the province. Moreover, the man still wore the prison uniform in which he escaped.

Constable Willis had no sooner opened the door than Courtois saw his mistake. The eye fell upon the constable's badge of authority, which the constable carried. Courtois turned and fled and let out a series of yells. Constable Willis finally ran his man to earth about a mile from town, where he was exhausted to offer any resistance.

Authorities Notified. Wardens McCutcheon and the R. N. W. M. P. were immediately notified of the much wanted man's capture. Guard Wilson was sent down from the penitentiary to the train last night. Courtois, who is a native of Leduc, on this afternoon's train.

It is considered most fortunate by the penitentiary that Courtois changed to walk into the arms of the law at Leduc, but it was believed that his capture was a matter of time. Accurate description of the man had been sent all over the province by the Mounted Police and he was bound to be recognized.

Courtois' escape is still given in the minds of Edmonton citizens. He made his getaway between eleven and twelve o'clock on Saturday morning, from the penitentiary cell alive. He had been sent out of the mine to get a job of water. It was in coming back from this expedition that he was caught. He was seen by a man who had been in the mine. He came up behind a coal shed and as soon as he had unfastened to get building between himself and the guard he set off across the country. The guard started around the coal shed but by that time the man had almost disappeared in the bushes. The guard fired several shots after him but they had no effect.

Pursuit Party Organized. An organized pursuit party was organized and the country was scoured. He was tracked through the sand pit and across the river to the south side. There all three men of the mounted police assisted by the city police and volunteer workers on horseback, located the escaped convict. He was taken into custody at Leduc, B. C., yesterday afternoon.

It was thought that a real tangible clue had been received regarding the whereabouts of Courtois. Tuesday night information was received at the Alberta Police barracks by telephone that Courtois had been seen by a man who had been in the mine. He came up behind a coal shed and as soon as he had unfastened to get building between himself and the guard he set off across the country. The guard started around the coal shed but by that time the man had almost disappeared in the bushes. The guard fired several shots after him but they had no effect.

The members of the Young Women's Club of McDougall Methodist Church appear likely to reap a rich harvest from their enterprises in bringing that queen of voluntes, Mrs. Kathleen Parlow to Edmonton and thereby have been a number of enterprises for some time and there is every expectation that McDougall Church being crowded to the doors next Wednesday evening.

The seating arrangements are to be carried out on a most conservative basis and plenty of seating will be allowed to each ticket holder and only a limited number of unreserved seats will be sold. That is to say the sale of tickets will be in accordance with the number of seats in the church. On the present occasion the reserved seats will be numbered and the plan of the church may be seen at the Columbia Conservatory of Music, suite 11, Sugarman Block, 25 Jasper avenue east, where both reserved and unreserved seats are on sale.

ALDERMAN McINNIS NEGOTIATED LAND PURCHASES FOR THE CITY

Cheques Made Out to Him for Purchases in Connection With Two Streets.

AUDITOR QUESTIONS CITY'S RIGHT TO PURCHASE

Return Submitted to Council of All Monies Paid to Members of City Council.

A stand for opinions and fuller publicity in the affairs of the city is being made by Ald. Clarke and May. At Tuesday's meeting of the city council returns were made by Secretary-Treasurer Crosskill and Auditor Richardson, giving the details of the council's land purchases in connection with the Elizabeth street improvement, as well as an account of all cheques and payments made to members of the council and commissioners since September 1st last.

Auditor Richardson has thoroughly presented the account to which he was directed at the last council meeting on the motion of Ald. Clarke and he makes concise comment on the transactions in regard to which the records were not, in his opinion, "on exhibit."

Ald. McInnis is the only member of the council to whom cheques were paid in connection with the Elizabeth and Clark street purchases. These returns were made on Ald. May's motion. The purchase price of these lots was \$142,650. The vendors have paid direct cheques amounting to \$21,199. Cheques paid to Ald. McInnis amounted to \$77,100. There was deducted on account \$7,175, while other deductions on account of mortgages and final payments amounted to \$22,132.

The auditor's comment on these land purchases is as follows: "With regard to the payments to Mr. Ald. McInnis it will be observed that the vouchers show that the total amount has been accounted for and that the vouchers are accepted as correct as regards purchase price of the lots. It is little to comment upon except as to whether the procedure might not be improved upon so as to enable the officials to follow the transactions as they occur with less difficulty. In connection with the vouchers it may be observed that they do not bear the signature of either of the persons in a position to know of the price agreed upon; that is, Mr. Ald. McInnis, who

REV. DR. W. L. ARMSTRONG, of the Metropolitan Methodist Church, Toronto, who has accepted the nomination of McInnis as the next day, when Rev. J. E. Huihson, the present incumbent, goes to Grace Methodist Church, Wingham.

negotiated the purchase, and Mr. City Solicitor Brown, who drew the transfer, except in three cases—those of vouchers 1967, 1968 and 1969, to which are attached unsigned statements in Mr. Brown's writing, confirming the purchase prices. With regard to the difference of \$225 shown in the attached statement, I asked the secretary-in-charge yesterday if he could give me any information as to same; he stated that the commission-ers were drawing up a statement of the transactions in connection with Elizabeth and Clark street purchases. I then saw Mr. Commissioner Harrison and Mr. Commissioner Chambers who informed me that they had had nothing to do with the matter. I then saw Mr. Commissioner Candy, who stated that he also had had nothing to do with it as all transactions had been conducted by Mr. Ald. McInnis. It will be seen that authority was given to the commissioners to do any acts necessary to the opening of Clark and Elizabeth streets, but it is extremely doubtful if the council itself had the power at the time to expend monies for these purposes. An act of the legislature has since given the council that power, which, however, requires a referred bill authorizing the raising of money before the council can lawfully exercise such power.

La Diva
NON-RUSTABLE
CORSET
The Plump Woman will be very Stylish provided her Corset is Right.

La Diva "Gress" Reducing Model No. 790 surpasses even the former ones in style, in comfort, in durability. And it is sold at \$3.50, which is \$2.00 to \$3.00 less than any imported corset which can be compared with it. The fit of the back and hips together with the spine stays and the new double piece rounded effect gives the wearer the greatest amount of support and the greatest amount of reducing strength. Combined with this is the unbreakable feature, a feature guaranteed by us. This corset is made of strong imported cotton, trimmed with lace, ribbon and braid, and has six wide suspenders, look and draw string. It is one of the best corsets values that can be had. Like all other La Diva Corsets, No. 790 is sold with an absolute guarantee as to quality. We guarantee every pair or money refunded.

IMPROVING THE EDSON TRAIL BEFORE SPRING

Three Road Gangs and two Bridge Gangs are at Work—Many Settlers Have Come Into Grande Prairie This Winter and Thousands More Will Follow This Spring and Summer.

Extensive improvements are being made this winter and spring on the Edson to Grande Prairie trail, in order that it may be in good condition when the winter season ends. In three road gangs and one bridge gang are at work. This editing places on the road are being leveled and widened. A large quantity of corduroy has been cut and hauled to the wet places on the road.

The bridge across the Tarry river has been completed, while the House river bridge is now in course of construction, all the material being on the ground. The bridge across the ground channel bound on trestle on the big smoky river will be the next to receive the attention of the bridge gang. This bridge will provide safe crossing over the big channel of this river, which is flooded during the high water season, while the trail from the island to the other side of the river must be made by the ferry. Some idea of the great number of settlers moving into the Grande Prairie may be obtained from a bulletin report by H. D. McEachern, who has driven the mail since over this trail since May of last year. He states that in early February, in the course of the trail from Edson to Grande Prairie, he met as many as 10 teams per day, and on frequent occasions he met as many as 20 teams per day. A large number of housewives are travelling in Grande Prairie City for the spring, when they will locate land for themselves.

The only access to Grande Prairie at present is by way of the Edson trail or by way of the Athabasca Landing and Grandview, which is the old trail. The mail stage on the Edson-Grande Prairie trail is run by the Edson, Grande Prairie Transportation Co., in which the McEachern brothers are owners. Ten to twelve hundred pounds of mail are carried in this stage on each trip.

The stage leaves Edson and Grande Prairie City every Monday at the same time and crosses the trail in about seven days or less, depending on the trip and twenty stopping places are situated at intervals along the trail, eight of them being between Edson and the Athabasca river. The stopping places are a little far apart for the slow-travelling or teams of housewives or heavily loaded freighters, but are easily made by the stage.

The post offices served by the stage are: Cutty Park, at Burgeon Lake; Grande Prairie, at Burgeon Lake; Lodge P.O., on Skatcheon Lake. A contract was let at the beginning of this year for the carrying of the mail from Beaver Lodge to Lougheed.

SCORCHING MOTORISTS YIELD BUNCH OF FINES

Several Motorists Were Before Police Magistrate Cowan—Accused South Western Company Falls on Technical Point—Certificate Received.

The Scott Motor Company accused fully defended a charge of driving a motor car at an immoderate speed, which was brought on in the city police court Tuesday before Magistrate Cowan.

There were two charges against the firm, relative to the 11th and 15th streets. On the first charge they were fined \$10 and costs.

The information of J. J. Harbeck and Wm. Coleman in the second case was that the defendants drove a motor car at the speed of about 25 miles an hour on Jasper avenue with in the city limits. The officers testified that they saw the car with stop-watches over a stretch of road about one mile in length between 11th and 15th streets.

Pollie Magistrate Cowan said, although the distance was too small in taking the time over such a small stretch, they were liable to be 25 miles an hour out in their computation. A mistake of 25 or 26 feet, at either end of the trap would make a big difference.

The magistrate asked witness Harbeck how he identified the car as belonging to the defendants. Witness said the car bore the letter "G", which he was informed was the defendant's letter.

Magistrate Cowan—"That is only hearsay."

Witness added that on the list supplied by the government the defendant's letter was "G". Defendants had also pleaded guilty to crossing the car on the 11th, the previous day.

Magistrate Cowan said there was nothing in the charge to indicate what the defendant number was. He therefore dismissed the case, adding: "Perhaps the police will be careful to obtain and then they will be careful to bring evidence of the defendant's letter."

The following pleaded guilty to similar charges: McQueen and Montgomery, International Finance Co. Ltd., F. A. Watson, R. F. Fells was fined \$10 and costs.

TALKS OF HARNESSING PEACE RIVER POWER

L. J. Bab, of This City, Has Investigated Possibilities and Reported to Men Who Are Believing—May Be Interested in a Railway From Peace River District to the Coast.

With the prospects of power enough to drive electricity hundreds of miles and make it a very profitable enterprise, a move is reported to be on foot to harness the great rocky falls between Alberta and British Columbia, at the head of navigation on the Peace river. Just how far the matter has progressed cannot be definitely stated, but it is known that steps are being taken to get a line on the possibilities of utilizing the immense power which may be developed.

L. J. Bab, a business man of this city, has been in correspondence with a number of capitalists who are specially interested in the power proposition and in all probability they will send experts to look over the ground shortly and submit a report at the earliest practicable time. These capitalists have millions back of them and are also interested in railroads, and have some connection, perhaps, between the power project and the probability of constructing a railway from the Peace river country to the Pacific coast, with Steam as the medium of transport.

"I am not at liberty right now to state what preliminary steps have been taken with reference to important plans contemplated for the Peace river country," said Mr. Bab, "but there is no doubt of highly interesting developments within a reasonable time. I have spent considerable time up there and made a thorough study of conditions, leaving the conclusion in my mind that the country has a commercial future."

"The Peace river is one of the best navigable rivers in Canada and tapping as it does the greatest belt of agricultural land in America, will for many years to come be used as a means of transportation for the grain and other products grown on that plateau and in the valley which it traverses. With the completion of railroads now projected to the Pacific coast and once the Panama canal and Hudson Bay railway are finished, the products of the Peace river country and of Western Canada in general will have a ready outlet to the world's markets."

BOMB EXPLOSION.
Leader of Anarchist Party and Others Killed.

Quebec, Mar. 20.—Five men were killed and nine others wounded by bomb explosions in the suburb of St. Lawrence, Quebec, last night. The dead is a barber named Chou, who was the leader of a movement for the defence of the Republic. He was engaged with others in manufacturing bombs, the ultimate use of which they were intended to not approve. The four of the explosion was heard for miles. Four houses were reduced to ruins and the authorities believe the bodies of other persons still are buried beneath the debris.

HEART DISEASE CURED

Kingston Girl Saved by "Fruit-a-lives"

Heart Weakness and Heart Irritation are the common ailments of the stomach. Gas is formed in the stomach and this accumulation of gas presses against the heart, palpitation, pain over the heart, and sometimes a feeling of smothering and distress, all are caused by the stomach and not because of any organic heart disease.

"Fruit-a-lives" will always cure this weak, irritated condition of the heart by curing the stomach.

"I suffered for some years with a dangerous form of Heart Trouble. My heart beat violently, and I had pain over the heart and down the chest. I also suffered with Constipation and Indigestion. I was treated by physicians and took many remedies, but nothing did me any good. Then I took 'Fruit-a-lives' and this medicine completely cured me of all the heart trouble, constipation and indigestion, and gave me back perfect health." (Miss MABEL TOWN, 506, a box 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-lives, Kingston, Ont.)

"I am not at liberty right now to state what preliminary steps have been taken with reference to important plans contemplated for the Peace river country," said Mr. Bab, "but there is no doubt of highly interesting developments within a reasonable time. I have spent considerable time up there and made a thorough study of conditions, leaving the conclusion in my mind that the country has a commercial future."

THOUSAND IMMIGRANTS ARRIVE IN WINNIPEG

Empress of Ireland and Three Other Steamers Contribute to Rush of Settlers to Western Canada—Influx From U. S. Points is Increasing Very Rapidly.

Winnipeg, Mar. 19.—A thousand immigrants arrived in the city today on special trains from the steamers Empress of Ireland, Ionian, Canadian and Teutonic. The Empress had 24 cabin passengers and 254 steerage. The other boats did not come in large numbers, the Ionian contributing 95 and Canadian and Teutonic 217.

The other boats did not come in large numbers, the Ionian contributing 95 and Canadian and Teutonic 217. The C. N. R. steamer Royal George is expected to arrive today at Halifax with a large passenger list. The steamers are for Western Canada. The total list of all classes number 1,048, of which 440 are for the west. Of this number 25 are for Canadian Northern points.

The American settlers' rush is daily increasing and the C. N. R. report about thirty settlers per day passing through Joliet. Today the low rate of 19.25 from Joliet has far passed the rate of 15.00 from Joliet and the rush therefore is much heavier. Better efforts are being made to get the C. N. R. These cars have an average value of \$1,500 each, making the total per day \$15,000. Last week the C. N. R. had those cars have an average value of \$1,500 each, making the total per day \$15,000. Last week the C. N. R. had those cars have an average value of \$1,500 each, making the total per day \$15,000.

AROUND THE CITY

LOCAL.

On a charge of theft, Edward John Jones, 25, was fined \$10 and costs one month's imprisonment, by Justice Magistrate Cowan yesterday.

The case of John, aged 20, of North Edmonton, was dismissed yesterday by Justice Magistrate Cowan because of insufficient evidence. Robert was charged with the theft of three hats from a merchant's store in the House of Commons yesterday.

In the estimates submitted for approval in the House of Commons yesterday there appears an item for the purchase of a new bridge over the Saskatchewan between the two cities.

The remains of the late Charles Taylor, who died at Wabagan last Thursday, were brought into the city on Tuesday night. The funeral took place on Thursday afternoon at two o'clock from Andrew undertaking parlors in the Edmonton cemetery.

The remains of the late Turnbull, former Edmontonian, who was transported in Chicago about a week ago reached the city Tuesday, and were taken to Andrew undertaking parlors. The funeral took place on Thursday afternoon at two o'clock from the same place. The remains of the late Turnbull, former Edmontonian, who was transported in Chicago about a week ago reached the city Tuesday, and were taken to Andrew undertaking parlors.

The death occurred on Sunday afternoon of Charles Watson, aged 8, native of King's County, Ireland, fourth child of John and Mary Watson, residence three miles east of St. Albert. He died of diphtheria. A wife and two children were with him at the time. The funeral took place at St. Albert on Monday at 10 o'clock from St. Albert cemetery.

Considerable interest has been aroused over the announcement of the American Red Cross on Friday evening at the Corona Hotel. This is the first social gathering along the line in the local history of the big war, but from all reports it will be one well remembered by all those invited and will be very profitable to the cause.

Enough to be able to attend. Several children were present, and the program was being arranged for the evening of the 21st. The program was being arranged for the evening of the 21st.

The championship will be presented to the American Red Cross. It will not necessarily be a formal affair. Admission is confined strictly to invitation.

TAKE CARE TO PRIVY COUNCIL.

Notice of intention to appeal to the privy council was given by the late standing and bitterly fought-out case of Mrs. Edward Jones, who, against her father-in-law, Edward Jones, Mr. Jones, the ownership of two valuable Hackney horses.

The article has already passed through a variety of legal stages and is now in the hands of the privy council. The Evans formerly resided in England, where they were taken. The Evans formerly resided in England, where they were taken.

EDMONTON DAILY BULLETIN

LAND DEPARTMENT MURKES.

The following questions were put to Mr. Mac and answered by the mayor at a council meeting Tuesday night.

How and when was the land department or committee formed, which has charge of the lands of the Hudson's Bay Co. and other land matters?

Answer: The department was formed in the summer of 1908. What is the duration of the appointment of the committee? The provision has been made to continue the work until the committee is dissolved.

Has the scope, powers, duties and functions of the committee been defined, and if so, what? Answer: The department has whatever powers the city council delegates to it.

WARMER FARM SOLD. A portion of the farm for many years owned by D. W. Warner, probably better known to the old-timers as the Cold Bar ranch, will no longer contribute to the agricultural wealth of the city.

The portion of the Warner farm purchased by the city for \$125,000, and described as River lot 15, being located on the east side of the city, near the river, and close to the new site for the city hall, was sold to the city.

The Western Canada Properties Limited, which owned the property, informed the city that it was willing to sell for \$125,000 was paid for the land.

COMMISSIONERS' MEETING. The application of the Edmonton Board and Mailing Co. for permission to have a spur from the C.N.R. to the city council at their next meeting.

The closing time for tenders for the new city hall, which was extended from March 15th to 20th, was announced by the city council.

EDMONTON DAILY BULLETIN

UNIVERSITY TURNED.

The following questions were put to Mr. Mac and answered by the mayor at a council meeting Tuesday night.

How and when was the land department or committee formed, which has charge of the lands of the Hudson's Bay Co. and other land matters?

Answer: The department was formed in the summer of 1908. What is the duration of the appointment of the committee? The provision has been made to continue the work until the committee is dissolved.

Has the scope, powers, duties and functions of the committee been defined, and if so, what? Answer: The department has whatever powers the city council delegates to it.

WARMER FARM SOLD. A portion of the farm for many years owned by D. W. Warner, probably better known to the old-timers as the Cold Bar ranch, will no longer contribute to the agricultural wealth of the city.

The portion of the Warner farm purchased by the city for \$125,000, and described as River lot 15, being located on the east side of the city, near the river, and close to the new site for the city hall, was sold to the city.

The Western Canada Properties Limited, which owned the property, informed the city that it was willing to sell for \$125,000 was paid for the land.

COMMISSIONERS' MEETING. The application of the Edmonton Board and Mailing Co. for permission to have a spur from the C.N.R. to the city council at their next meeting.

The closing time for tenders for the new city hall, which was extended from March 15th to 20th, was announced by the city council.

GERMANY MUST NOT DREAM OF BEING BLUFFED BY BRITAIN

Winston Churchill's Speech Has Created Profound Sensation in Germany. But no War Council Has Been Held. Nor has the Kaiser Postponed His Mediterranean Trip.

Berlin, Mar. 20.—First Lord of the Admiralty Churchill's speech in the British House of Commons on Wednesday, making plain to Germany that Great Britain is determined at all costs to outbid the country in the arms race, created a most profound sensation here. It was followed by the days as if the speeches would cause a panic. Sensational reports were published to the effect that the Kaiser had been in conference with Admiral Von Tirpitz, had had a council of his department chiefs and that finally the Kaiser had postponed his trip to the Mediterranean and his visits to the Emperor of Austria and King of Italy, on which he had intended to start on Friday.

It came out that the emperor's visit to Admiral Von Tirpitz to congratulate him on his 60th birthday, that there was no "war council" at the admiralty and that the emperor's plans and his journey were not cancelled. Some mystery regarding the Kaiser's trip to the Mediterranean and his visits to the Emperor of Austria and King of Italy, on which he had intended to start on Friday.
